

RCS Inc. services the New England military and commercial markets and concentrates on thoroughly understanding our customers' business by being in their facilities on a weekly basis. We work intimately with all levels of management within our customer base so we can provide the best guidance toward initiating and maintaining long term relationships between all parties

**Asset Intertech:** As the leader in boundary scan, Asset InterTech is the only company that gives you access to a complete solution that extends beyond hardware and software to consulting, service, training and support. No one gives you access to more.  
[www.asset-intertech.com](http://www.asset-intertech.com)

**HDL Research Labs:** Military Custom Power Supplies  
[www.hdlpower.com](http://www.hdlpower.com)

**Rodelco:** RF and Microwave Assemblies and Digital Build to Print Assemblies  
[www.rodelco-usa.com](http://www.rodelco-usa.com)

**Kevlin:** Rotary Joints and Pedestals  
[www.kevlin.com](http://www.kevlin.com)

**Nurad:** Airborne Antennas, Radomes and Integrated Antenna/Radome Systems  
[www.nurad.com](http://www.nurad.com)

**Aero Electronics:** Competencies include complex Cable Assemblies, RF Cables, Molded Cables and Harnesses  
[www.aeroelectronics.net](http://www.aeroelectronics.net)

**Frequency Electronics:** The Leader in Time and Frequency Technology for Wireline, Wireless, Satellite and Defense Telecommunication Systems

**Continental Microwave:** Custom Microwave Components and Integrated Subsystems  
[www.contmicro.com](http://www.contmicro.com)

**Atlantic Microwave:** Waveguide Assemblies & Satcom Antennas  
[www.atlanticmicrowave.com](http://www.atlanticmicrowave.com)

**Chelton Control Systems:** Solid State RF Control Components, Switches  
[www.cheltoncs.com](http://www.cheltoncs.com)

**Aethercomm:** Military Solid State Amplifiers, LNA's and Converters  
Woman Owned Business  
[www.aethercomm.com](http://www.aethercomm.com)

**Renaissance:** Isolators, Circulators and Switches  
Small Disadvantaged Business  
[www.rec-usa.com](http://www.rec-usa.com)

**Remmele Engineering:** Large Scale Mechanical System Integration, Design for Manufacturing, Precision Machining, Metal Joining, Supply Chain Management and Program Management  
[www.remmele.com](http://www.remmele.com)

**Excelics:** High Performance RF and Microwave Semiconductor Discrete Devices and Integrated Circuits; products include GaAs MESFETs, PHEMPTs, MFETs and MMICs through 65GHz  
[www.excelics.com](http://www.excelics.com)

**REMEC:** Dedicated to the design, development and manufacture of custom RF, microwave and millimeter wave products, including filters, multipliers, amplifiers and integrated microwave assemblies, from 10MHz to 60GHz  
[www.remec.com](http://www.remec.com)
